Hi Russell,

Thanks for taking the time to speak with us yesterday. It helped us iron out a communication strategy going forward.

I had meant to ask you a COVID related question and forgot.

I believe that the TOs issued to NAS are Fixed Price awards with built in ODC charges. Since NAS/EPA are in agreement that meetings may be held virtually instead of in person (or a mixture thereof) because of the Pandemic, does that mean that if some of the ODCs charges are not incurred (i.e. no in person meeting/travel) we would be charged less? For some of the awards the savings could be significant.

Please let us know when you get a chance. Have a great weekend.
